

CHRISTOPHER E. BENEY MD PC
Specializing in Pediatric and Adult Medicine

VACCINATION POLICY

Our Providers recommend and follow the vaccination schedules endorsed by the CDC.

<https://www.cdc.gov/vaccines/schedules/index.html>

Although we cannot accept any new patients that choose not to vaccinate, we will continue to service our current patients.

Going forward, any current patients that make the decision to no longer vaccinate their children, will also be asked to find a new provider.

We thank you for your continued support and dedication to the health of our community and apologize for any inconvenience.

By signing below, you acknowledge our vaccination policy and agree.
